Budgetary Process

The University of South Florida Board of Trustees is required to prepare and submit to the Florida Board of Governors for review an annual operating budget which represents the University's plan for utilizing the resources available through direct or continuing appropriation by the Legislature, student fees, and other local sources. The operating budget is prepared and submitted in accordance with the provisions of State Law, rules of the Florida Board of Governors, and the General Appropriations Act. Any new State resources are allocated to the University according to the priorities set by the president, as are any University-wide reductions. The University's operating budget is comprised of the following budget entities:

Educational and General. The University receives an allocation of educational and general resources from the Legislature for E&G operating activities only, including general instruction, research, public service, plant operations and

Appropriated Budget Entities. Educational & General is comprised of General Revenue, Student Fees and Other Fees (Tuition), the Educational Enhancement Trust Fund (Lottery) and the Federal Grants Trust Fund (Stimulus). General Revenue is primarily funded from sales, corporate income and beverage taxes. Lottery ticket sales provide funds for the Educational Enhancement Trust Fund. The Student Fee Trust Fund revenue is derived from student matriculation and out-of-state fees, and other miscellaneous revenues that include library fines, application fees, late registration fees and a portion of the indirect cost assessed to contract and grant activity. The following tables show the University's appropriations of Education & General by each source for the past five fiscal years.
